Here is the perfect family home offering space and luxury over five bedrooms, three living areas, three outdoor entertaining areas, a pool and so much more. Set on an elevated 713sqm block in a peaceful cul-de-sac, a walkway at the end of the street takes the short cut down to the magic of Moffat Beach so you can be picking up a coffee at one of the many cafes then stepping onto the sand within moments. The pathway also provides a quick route to the surf at Kings Beach or to tranquil Shelly Beach and the OLR private school. An idyllic coastal lifestyle is on offer here in a family friendly community. With multiple spaces to relax and unwind, this expansive home provides flexibility and functionality for the modern family. The hub of the home is the open plan dining, living and kitchen zone with soaring high raked ceilings, timber floors and plantation shutters enhancing the light and space. The stylishly renovated kitchen is a chef's dream with a sea of stone bench tops, sleek two pack cabinetry, soft closing drawers, an oversized Smeg induction cooktop & oven, and an island bench to gather around. The living area connects to an outdoor entertaining area overlooking the resort-style pool whilst there is a second lounge room with another large balcony on the adjoining side. Pool side entertaining will be a pleasure as these alfresco areas have an ideal north-facing aspect, capturing the sea breezes in summer and warming sun in winter. Another formal dining room completes the living spaces. Five bedrooms are incorporated in the floor plan, all including fans and built-in robes. One of the bedrooms downstairs would make an ideal guest quarter as it has its own ensuite, walk-in robe and private access to the lower balcony. A bath is included in the main bathroom with a separate shower and toilet. Upstairs in the stunning master suite, you'll wake to ocean views and appreciate a quiet coffee on the balcony where you can watch the ships glide past. A huge walk-in robe is included and the beautifully renovated ensuite features floor to ceiling tiles, a double shower and relaxing bath. Outdoors when the children are not in the pool there is a fully fenced garden to play in. At the front there is a parking area for a boat or caravan as well as the large double garage and workshop. Other sought-after features include Crimsafe security screens, plantation shutters, air conditioning, a fireplace, two garden sheds, rainwater tanks, solar electricity, and solar hot water. Only an inspection will reveal all that is on offer here for you and your family.
