I figure the heading here highlights more than enough to justify the price on the well presented home. Even though I'm 100% sure we could sell this off market to an investor on the East Coast, The Seller wanted to give some local first homebuyers an opportunity to crack into the market. Featuring a renovated kitchen, updated bathroom, multiple living areas and a large workshop with drive in access available (just remove some fence panels), there is plenty here for the downsizers, first homebuyers and FIFO workers to love. Extras include:- Evaporative & 3x split system air conditioners- Security cameras- Double carport & workshop- Spacious kitchen with overhead cupboards & dishwasher- Master bedroom with walk in robe and semi-ensuite- Great laundry with plenty of storage- Large patio area with built in BBQ- Low maintenance artificial lawns at the back & reticulated lawn at the front This home is located in the most convenient of locations being only 800m from the new airport train link. This makes this property also ideal for those needing to commute to the City or Airport. For more details or to book your inspection contact Glen Newland from the Professionals Stirling Clark.
