A nice sized 787m² lot in the private cul de sac of Jeffrey Place, Longford. Perhaps you can consider a slightly larger home, or a smaller home and granny flat 'ancillary dwelling'? Lovely views across to the Great Western Tiers. Sometimes it just takes someone to think outside the square just a little and do something different than the norm... is that you? Titles are issues, no building covenants, body corps and the driveways and services are all in.
