\$620,000

This property is a must to view. Built in 2022 it is a five bedroom, plus study and two bathrooms. The fifth bedroom is 4,730m X 3,530m so it also could be used as a formal lounge room. The Master bedroom has two large walk in robes and very spacious in size plus the ensuite has a double shower in it. All the bedrooms have carpeted flooring including the study, bedrooms two, three and four have built in robes. The kitchen is a really good size with plenty of bench space, gas hotplates, electric oven plus a double sink and a large walk in pantry. The Kitchen overlooks a very spacious Family living area and meals room and these rooms have woodgrain Vinyl Planking on them. The Meals room has access to the Alfresco area and back yard. The property also has a fully ducted reverse cycle air-conditioning in it. The Garage is nearly 6m X 7m with a remote controlled Sectional door, plus one access door to the back yard and another access to the kitchen area. The builders have arranged with Landscape Australia construction to do the front yard and verge with some retic, grass and mulch landscaping which is due to be done on 24/04/2024. Another bonus is in only a short stroll from the house there is a very large parkland area with so many features in it. So definitely put this one on the list to view, you won't be disappointed.
