Framed by green surrounds, this beautifully maintained example of post war architecture retains much of its original charm. Presented as a 3 bedroom family home with an inviting yellow brick facade, delight in a timeless aesthetic with floorboards underfoot awash with the glow from an abundance of natural light from large windows. Appreciate the convenience of the low maintenance bathroom, well equipped kitchen, dedicated laundry with garden access and detached double garage. The garden itself is a verdant paradise, overlooked by a deck perfect for outdoor dining and entertaining. Backing onto Merri Creek and Merri Creek trail, nearby amenities include Pentridge Shopping Centre, the Coburg Drive-in, Batman Station, St Paul's Primary and Coburg High School
