Proudly rising from its quiet cul-de-sac position to offer a lifestyle back-dropped by private native gardens, this dual-storey townhouse crowns one of Martha Cove's most exclusive addresses with high-quality finishes and premium appliances. Capturing the true essence of lifestyle living with easy access to communal barbecue's, swimming pools and all that comes with a Martha Cove address, the home reflects its laid-back living experience through light-laden interiors and private indoor-outdoor living zones. An inviting coastal breeze embraces first-floor entertaining with a front-facing balcony extending living and dining spaces beyond the all-Smeg kitchen comprising stone benchtops and ample cabinetry, while downstairs a more intimate lounge opens to a private deck and native garden setting to offer the best of outdoor living. Cascading across the floors, three bedrooms are served by three bathrooms, while a double garage with new floors and clothesline preserve practical parking space. Complete with split-system heating and cooling, European-style laundry, alarm system and 24hr Marina surveillance, this beautifully presented home sits within paces from the 788 bus stop, Martha's Table, Martha Cove Boat Ramp and the boardwalk that leads directly to Safety Beach dog-friendly beach.
