\$820,000

This architecturally designed home is a truly extraordinary place to discover. Built across three levels, this is one where the photos and videos only give you a taste of what's on offer. Built in 1976 by renowned architect Mr Rhoades Easton, it was his family home. Now being sold for the first time ever, you can watch the video to get an idea of the story about what is on offer. You'll see, it's a one-of-a-kind home. We're set on a 2347sqm block, with what is realistically a fairly low maintenance site. There's a stunning outlook from around various parts of the block, and the sunsets up here never get old. There's a versatility to this home. The design is so well considered and it has appeal on every level. **LIVING HERE** As the photos show, this is not ordinary in any way. I'll keep it brief so you can get the general idea. Starting on the ground floor; we've got a wonderfully cosy atmosphere in this living area, enhanced by the open fireplace. This level is also home to the study or a second living area if that's what you need it to be. We head upstairs to the central living zone, with the kitchen, meal area and also two bedrooms and the main bathroom. The main bedroom and retreat are upstairs, making for a nice bit of privacy from the rest of the home. The master suite features an ensuite bathroom and ample space for larger furniture styles. The circular drive at the front of the home provides plenty of parking and easy access to the property. The double garage offers excellent storage, and there's a workshop above that. Yes, even the garage has character and style, with the perfect use of the land creating an impressive structure. The home has ducted air conditioning, gas heating and solar panels. **WHERE IT IS** Set in the stunning Kelmscott hills, this is a magnificent place to live. For such a beautiful spot, it's remarkably accessible, with so much, so close. Check out the Google map and see just how easy it is to get around. We've got great restaurants, schools, public transport, gyms and more, all within minutes of home. Not that you'll really want to go out that much because when this is home, you already live in the place you want to be as much as you can. **WHAT NEXT** We're open by appointment, so hit that **EMAIL AGENT** button and send the request. Our team will be in touch to set up a time so you can see this brilliant home for yourself.
