Sunday, 28 April 2024

5 Nangarin Road, Oakhurst, Qld 4650

Area: 1 m2

Type: Residential Land

Paul Thompson

Offers over \$320,000

It's hard to find a decent bush block, and this one is a cracker. 10 minutes from the centre of Maryborough, bitumen road frontage, with great driveway access and fencing. Partly cleared, with a good stand of trees and a small dam. It's tidier than the average block, easy to see exactly what you are getting, you won't need to spend months cleaning up when it settles. The slope across the block means excellent drainage, and there is a nice homesite in the middle. This lovely 1Ha block has been split from a larger property, it's all approved and the title is on the way. Ergon power connection is pending, so it will be ready to build on soon. So you can secure it now and have a chance to make plans of your own before it settles. Call today for details, get hold of this while you still can. Paul Thompson @realty 0419 772 354.
