A rare opportunity to secure a period home in a historic location offering fabulous amenity to the Murwillumbah CBD and basking in outstanding views of Mount Warning, the Border Ranges, and the Tweed River. Located on just under ¼ acre with a level backyard, the elevated position ensures views from virtually every room and refreshing breezes. The large covered entertainment deck extends internal living space to the great outdoors and supplements the generous proportions of lounge, living, and dining rooms. Cabinetry has been master crafted and features Gum and Tallowwood cabinets in the kitchen, a red cedar shelving unit in the living and highlights the period charms reflected in the high ceilings, tongue and groove walls, ornate arches, and decorative pelmets. The upper level of the home is dedicated to the air-conditioned master bedroom with a spacious ensuite and walk-in robe. Two additional bedrooms are on the ground floor, one with an ensuite and main bathroom with a full bathtub and separate WC. The home has dual street access with entry and garage off Sunnyside Lane. Elegant touches abound in this home which must be inspected to fully appreciate it.
