Experience a harmonious balance of comfort and practicality in this charming home, nestled within an upscale court. Meticulously maintained and thoughtfully designed, it is ideal for large families who like to entertain. The home features a variety of formal and casual living spaces. A sunny formal lounge, bathed in northerly light, flows seamlessly into an elegant formal dining area. The contemporary kitchen with Caesarstone benches and Westinghouse appliances connects to a casual dining area or family room. At the rear, an expansive rumpus room with a plumbed bar is ideal for hosting gatherings. Most rooms transition to the backyard, where an inviting alfresco and spacious, level lawn await. With extensive accommodation choices, the home comfortably suits large families and their guests. On the ground floor, a guest bedroom, conveniently located next to a well-appointed bathroom, offers private access through the garage. Upstairs, the generous, sunlit master suite, complete with walk-in robe, is accompanied by three additional well-sized robed bedrooms. All bathrooms have been tastefully updated with Caesarstone benches and modern fixtures. A robed study/home office can be repurposed as a sixth bedroom if desired. Beautiful timber flooring, an abundance of natural light, and garden views create a warm and welcoming atmosphere throughout the home. Additional features include gas ducted heating, split-system cooling, a full laundry, double garage, and privately oriented front gardens. Conveniently situated minutes from Eastlink, Westfield, Macedon Square, and various parks, the property falls within the sought-after school zones of Birralee Primary School and Koonung Secondary College, offering an ideal setting for active families on the move.
