\$1,080,000

A setting that's beautifully secluded yet brilliantly convenient accompanies this outstanding residence's welcoming series of indoor and outdoor spaces. So impeccably designed and impressively appointed that it defies time, the look and feel remain completely attuned to current trends in a location that is similarly certain to be always in demand. The street presence conveys a sense of the coastal vibe – the water is just moments away – while the inside story is all about luxury over two alluring levels. Living and dining dimensions are situated upstairs, enhanced by the natural beauty of timber floorboards and the outdoor expanse of a full width balcony. An open-plan kitchen owns a generous zone, complemented by stone surfaces, substantial bench/breakfast bar, stainless steel appliances and an abundance of storage. A divine double bedroom, a versatile separate study or retreat and a bathroom complete the upstairs format above two further bedrooms and two additional bathrooms below. These include a main bedroom of desirable size and style, served by a walk-in robe and elegant ensuite. The presence of the third bathroom maximizes the flexibility of this fabulous home, where smart ideas have produced inspired spaces. Bright natural light, hydronic heating, cooling, an integrated fire-place in the living area, security system and a double garage emphasize the excellence in an ideal location moments from Jawbone Conservation Reserve and the bay, close to Williamstown North shopping and the train station, with cafes, parks and Williamstown High School all readily reached.
