Elevated and with views, this spacious family home could be the one that you have been searching for. With a great floor plan that could be adapted to suit an array of needs this property offers so many options. Currently configured as a 4 bedroom home with a study and rumpus room this home could easily be converted to a 5 or even 6 bedroom home if required. There are bathrooms on both levels and the main has an ensuite. The spacious, open plan living/dining area has polished timber floors and will certainly impress those with larger families. The modern kitchen overlooks the living area and is great for the entertainer to interact with guests whilst cooking a meal. For those that like to entertain outside, there are multiple options with the main deck leading off the living/dining area through stacker doors that can be opened up to bring the outside in. From this deck there are glorious views out towards the East with a slight glimpse of the ocean through the trees. There is also another deck at the front of the home, off the main bedroom, rumpus room and at yard level is a concrete patio. Storage is abundant in this property with plenty of cupboard space and a large storage area/workshop underneath the house with concrete floor and security roller door. Approximately 5 minutes drive to the Coffs Harbour CBD and close to local schools convenience is a plus. If you've been looking for a large family home in a great area then look no further.
