Ideally located within minutes of Cockburn Central and all the shops and amenities that it has to offer, plus the freeway entrance is just around the corner. This 4 bedroom 2 bathroom home, built on a 490sqm strata title block, would benefit from some cosmetic renovation but the practical and functional floorplan with its two good size and separate living areas make any work well worth the effort. The kitchen is the hub of the home, and is central to the family and dining, ideal for entertaining family and friends, or head outside to the low maintenance gardens which is crying out for a BBQ area. The home has extra parking at the front for a boat or caravan or even both, making it ideal for tradesman, boat/caravan owners or any grey nomads who want an ideal lock up and leave.
