\$2,200,000

A stunning site, with similarly memorable sights! This exceptional allotment of approx. 615sqm currently on two titles, one of which backs onto Dover Lane at the rear, lies literally 3 houses from The Strand. A setting that offers views towards the water and the CBD. Such a sought after location and such impressive outlooks highlight the appeal of the opportunity to design and build a fresh new family home of a quality in keeping with the position or alternatively, explore development possibilities (STCA). All options suggest a hugely rewarding future in an address where the existing three bedroom residence's period spaces and retro elements remain totally liveable. A rare, remarkable opportunity in a wonderful Williamstown location.
