An eclectic celebration of entertaining qualities, this extensive 4 bedroom 2.5 bathroom brick home is full of fun and surprises in the Gardenvale Primary School zone. Set in a tropical garden, this engaging home reveals a wide entry foyer leading into the elegantly spacious lounge (electric fireplace), a casual dining area connecting with the galley style contemporary kitchen (Miele appliances including induction cooktop & dazzling New York City splashback), an awesome family room full of northern sunshine, a substantial main bedroom with built in robes and spotless spa ensuite, 2 further good size downstairs bedrooms with a choice of robes or shelving, a fully appointed skylit bathroom, powder room and a smartly fitted laundry. The hidden surprise is the private upstairs bedroom that catches the eye with its vaulted and beamed ceiling. Super low maintenance in a primarily paved landscape, the sun filled rear garden is another entertaining domain with an undercover alfresco patio and flexible outdoor cinema set-up that's a perfect all-season experience where you can cosy up watching a film next to the wood burning fireplace. Even better with an impressive workshop/shed, this updated home is complete with timber floors, ducted heating, Daikin reverse cycle air conditioning, ceiling fans, an alarm, CCTV, water tanks and ample parking. In a quiet street, just around the corner from the city bus, walk to Gardenvale Park, Hawthorn Road trams, Gardenvale station and a varied choice of cafes, restaurants and shops at Martin Street Village.
