Ground-breaking design brings architectural magnificence to this as-new home, metres from the beach and moments from Church Street. The location on the corner of Albert Street adds a prestige cache to this remarkable retreat, featuring the most luxurious finishes, warehouse-inspired spaces, and a self-cleaning pool and spa as part of the parents' retreat. This takes contemporary living to a whole new level. Custom-designed features include a copper ceiling in the sumptuous lounge and dining room, spans of steel soaring above the luxe kitchen, and a rooftop terrace for soaking up the sun and leafy views. Four-bedroom spaciousness and living zones on two levels make this perfect for families who want to be within walking distance of schools and Middle Brighton station. The interior fit out is focused on quality and fine design, from the kitchen and butler pantry's two Smeg ovens, induction cooktop and integrated refrigeration to luxurious high-spec bathrooms, copper-clad cocktail cabinet, concealed TV in the main bedroom, and terrazzo staircase. The ground-floor living zone is perfectly planned with a wet bar, integrated TV, and a pocket sliding door to create a zoned private retreat. Cook outdoors on the large entertainer's terrace, admire the magnificent landscaping that connects this extraordinary home to the leafy streetscape, and feel privileged to own such an exclusive residence. **If this property is of interest to you, please ensure that you register your interest by clicking on the 'Get in touch' button, so that you are kept up to date with inspections, price changes and similar properties that may be suitable.
