From luxurious entertaining to the ultimate in space and privacy, the Ventura is an intergenerational home that ticks all the boxes. Open plan living at its finest includes a gourmet kitchen with integrated butler's pantry, dining, family and outdoor a balcony provide space for every member of the family. Large corner windows and sliding glass doors allow winter sunlight to fill the interior with warmth throughout the day providing both connections to the outdoors and an enjoyable interior space all year round. The home takes care to include space for parents to live with family by way of dual master bedroom suites located on each floor. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Ventura design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the side of the home, providing sustainable and comfortable living conditions throughout the year.
