**\$2,600,000 - \$2,700,000**

This classically comfortable three bedroom three bathroom home - totally liveable or rentable right now - is accompanied by a series of options for the future, each one uniquely attractive, all complemented by a brilliant location and an allotment measuring some 674m<sup>2</sup>. Plans and permits for two fabulous new family residences create a sensational choice where either one will deliver stunning contemporary dimensions. In addition, rather than having to decide upon these designs, the alternative decision can be taken to adopt a whole fresh concept of your own. Finally, the potential to renovate the current residence offers a fourth path that has its own appeal! While the options are weighed up, the present day dimensions, deep garden, pool and studio define an enviable address close to primary schools, the bay and Williamstown's best shops and cafes.
