My vendors have instructed that they want this property sold! This opens the door for you to secure a superb home in an even better location. Comprising 3 bedrooms with an ensuite to the master. Also on offer is a large open plan living which includes the kitchen and meals area. The outdoor pergola area is easily accessed from this space making it ideal for entertaining. The single lockup garage has secure access to the house and also offers roller door access to the rear yard. The block of land is very private and measures approx. 723m². There is scope to add your own touch or simply move in and enjoy a very much sought after property, so close to shopping and public transport you will hardly need to use the car. Call today for further information!
