A showcase of architecture and quality built, this home is a masterpiece of contemporary family living. Entry to the home is via a grand foyer you are greeted with a sweeping staircase and walls of mosaic tiles imported from Italy which feature throughout the home. Moving into the downstairs area is an abundance of living areas all designed to capture the river views through full height glass windows. The home features 3 large living areas, 7 bedrooms, 5 bathroom (3 ensuites), air conditioning, designer Tasmanian oak kitchen with corian tops and walk-in pantry, wide verandah on two levels, overlooking the river and the inground pool and spa set in a tropical private paradise. This residence enjoys some of the best water views available in this supreme setting and only an inspection will provide the true feeling of this superbly built home.
