Away from the hustle and bustle of the CBD, at the garden end of leafy, tree-lined A'Beckett Street, the sought after Istana complex is within walking distance to Queen Victoria Market, Flagstaff Gardens and station, free city trams, and in the vicinity of RMIT University, the University of Melbourne and University High School zone. This stunning apartment with HUGE outdoor terrace makes for one of the most unique apartments in the CBD. An outdoor area big enough to grow your own flowers and vegetables, for your kids and pets to play, the fun is limitless. Elevated on the 5th floor of the 24 level building, the North facing apartment offers an ingenious floor plan that makes full use of the entire space. The open plan living with timber floor captures an abundance of natural light. The immaculate kitchen is complimented with a large granite bench top, soft close cabinets, ample storage space, SMEG appliances and glass splash back. Master bedroom includes a large en-suite, second bedroom having direct balcony access. Features: family bathroom, laundry facilities, one secure car space, reverse cycle heating and cooling, video intercom and much more. Building facilities include a heated indoor swimming pool, spa, sauna, gymnasium, media room and concierge for added security. It's truly the agent's pick as one of the best 2-bedroom layouts in the complex which would suit both owner occupiers and investors. Call David today at 0423390888 to arrange your inspection.
