## **RADIATES CHARM - SPARKLES WITH CHARACTER.**

A great opportunity to renovate and reap the rewards with this spacious 1930's California styled home. A fabulous town centre location with a high street profile and previously used as a residence with an antique business attached and having also operated as residence with a separate B & B.

There are 3 bedroom and 2 bathrooms and the home features ornate pressed metal ceilings, open fireplaces and timber floors..

A large kitchen area with a separate dining room and a large family room offer spacious living areas. The gardens have all been established and are ready for those summer BBQ's.
