**\$2,000,000**

51 Fingal Head Road, is a 9-year-old home that has been specifically designed and constructed to complement the surrounding coastal environment. Every inclusion has been carefully selected, using only the highest quality materials, with no expense spared. The home features four bedrooms all with water views, including panoramic views of the Tweed River from the master suite. The chef-style kitchen is complete with SMEG and Bosch appliances as well as quality stone benchtops. The kitchen is connected to two living areas, giving you the flexibility to use the second space as a sitting room, library, formal dining area or just a space to relax and enjoy views of the river. A large back deck facing East offers comfortable living and entertaining all year round. It overlooks a lush tropical garden, where native shrubs and trees are a haven for birds. Both balconies are covered and designed to open the home to natural airflow whilst still keeping the weather out. Downstairs has everything else you would want in a modern coastal home. There's a study and a separate toilet for the home office or guests. The oversized laundry won't be lost on those who value storage and space. The four-car garage also opens to an enormous covered area perfect for a boat, workshop, toys and endless tinkering. Proudly positioned between the iconic Tweed River and Dreamtime Beach - Fingal Head has an intimate connection to the quiet coastal and river living lifestyle, unparalleled to anywhere else in the area. Agent's notes: "Trust us when we say "This home has too many features to list." Possibly the most impressive features unique to this home aren't seen in the photos. Today's owners went 'all-out' on the build quality... 70 screw piers anchor the foundational concrete slab. The lower level is constructed with core-filled concrete blocks. These are just a couple of examples of the level of detail and high-quality construction of this home. Anyone who values quality construction - is going to love what's holding up this home. Living in Fingal Heads is like living in a dream. That's why nobody here wants to sell. Imagine walking a secluded bush track through the rainforest and opening to the ocean on a beautiful beach with hardly another soul in sight. Drive the boat less than 1 km down the road to the Fingal Harbour and launch into the Tweed River system where you can drive up and dock at Cubby Bakehouse for a coffee, stop in at the many riverside pubs and restaurants, or head less than 10 min towards the mouth of the river and out to the Pacific Ocean. Sail 10 min over to Cook Island and dive with turtles, dolphins and Grey Nurse sharks around the Island. All this, and more, and you're only 15 min from an International Airport, endless shopping, dining and schooling options. If you're into golfing - there are two championship golf courses at the Coolangatta & Tweed Heads Golf Club (36 holes) directly across the river! If you're looking for the ultimate in relaxed coastal living - Fingal Head would suit you to the core. However, there are only ever a handful of properties available to purchase each year. This property is one of the only "ready-to-move-straight-in" homes you'll find this year. Our owners had the home built and have called Fingal Home for 10 years. They have now decided to move north to be with family and welcome the new owners to enjoy a level of lifestyle living I honestly don't have the wordsmithery to describe." "For a comprehensive list of all properties inclusions, construction materials and features - email your request to the agent - Ash Witty at [ash.witty@harcourts.com.au](mailto:ash.witty@harcourts.com.au)"
