\$659,000

This home is packed with features and it's one you really need to put on your list. Geared for easy living and laid back entertaining, the home has recently been renovated throughout. The brand new kitchen is not only functional showcasing modern appliances and a feature bench top, but it has that "wow" factor that you see in magazines. The Merbau entertaining deck begs for a comfy chair, a book and a glass of wine on a late afternoon. Fully retractable screens and blinds surround the deck to keep out not only the heat of the sun, but also stops any pesky bugs from dropping by; or pull the blinds back and enjoy the coastal breezes and views across the nature reserve at the rear of the property. The home has recently had all the floor coverings replaced and plantation shutters installed, plus Diamond security screens and electric security roller shutters on all main windows. All three bedrooms have built in robes, new LED downlights, new fans and Fujitsu reverse cycle air conditioning. The property is fully fenced with an automatic front gate. Two spacious sheds are constructed in the yard - one suitable for a single lock up garage and the second, larger shed (7.76m x 7m) with 2 x 2.8m high roller doors easily provide access for a caravan and/or boat. The grounds and gardens are low maintenance, leaving more time for relaxing or heading to the beach. This property is located within a quiet residential area, surrounded by well maintained homes and backing onto a nature reserve and only a short drive to the shops, medical centre, local clubs, Rainbow Beach and Tin Can Bay. Don't miss out on this one - call Shellie Bennett on 0414 632 960 to arrange a private inspection.
