Presented in immaculate condition with newly satin-finished floors flowing throughout, it offers families a chance to spread out and relax or come together and entertain. Extending the living area is a huge backyard where an alfresco deck is ideal for entertaining and the generous lawn is perfect for the kids - chefs will love the veggie/herb garden while others may choose to install a pool (STCA) Upstairs delivers yet more living space and three massive bedrooms including a vast master complete with a decadent ensuite with bath. A family bathroom services the remainder of the level while the downstairs study (BIRS) could be adapted to provide the fourth bedroom if needed.
