A spacious living area with polished timber floors throughout and a slow combustion fire make this home both pleasant and practical. Bathroom with a bath separate to the shower, and a separate toilet off the laundry. Rear timber deck area and elevated front verandah to enjoy the open air, views across town and room for family activities outside. Single carport that goes through to a single undercroft garage, with room for storage at the end, and one additional outdoor parking space. No built in wardrobes, but the bedrooms are spacious enough to accommodate free standing robes. Fully fenced backyard, with a small garden shed. NB: The rear double garage is not for tenant access. GARDEN BED MAINTENANCE PROVIDED BY A PROFESSIONAL GARDENER, BUT TENANTS TO MOW THE LAWNS/TRIM EDGES. PETS CONSIDERED
