Why buy a unit when you can buy this beautifully built, well designed low maintenance 3 bedroom home? Built on an open elevated 462 m² corner block with the front patio set to take in the panoramic views of the Berserkers this home has plenty to please the discerning eye. With three comfy bedrooms, the master bedroom has air-conditioning, a terrific walk-in robe and an en-suite. The interior design features a spacious lounge and formal dining room as well as a tiled family room which accommodates an everyday-dining and tv viewing area. The awesome fresh looking kitchen is complete with induction hot plates, pantry, wall oven, microwave, double bowl sinks, an appliance hideaway and much more. The kitchen overlooks the rear entertainment and BBQ area which is accessed through a sliding glass door from the family room. Across from the rear under-roof patio is a small greenhouse and workshop/storage shed. Just think of the beautiful easy care garden haven you could create here, plus there is no mowing to be done in the backyard. There is a secure, single roller door garage and a large laundry. Much attention has been paid to security in the build of this home. This won't last long on the market.
