What to love? Ahhhhh, come home and put your feet up...if you're looking for a family home that simply has it all, look no further than 51 Turner Way, Bulgarra. It's a short drive to the CBD and within walking distance of Karratha Primary School, and just wait until you see the tasteful décor inside. Once you enter you immediately sense the heart and soul within this home. What was traditionally a boxed-in Bulgarra house has been opened right up and tastefully renovated. What a transformation, with the carport having become a spacious master bedroom with walk-through robe and ensuite! The kitchen was freshly renovated in 2018 by local building companies. A chef's oven, large fridge recess and plenty of cupboard space are some of the main features of the kitchen, along with a waterfall benchtop. Plank flooring throughout provides seamless transition from room to room. Custom made built-in robes, feature ceiling fans and Daikin air conditioning feature in all of the bedrooms. Throughout the home the windows have been updated to cyclone-rated glass and are complemented with tasteful black-out Roman blind coverings. Both the family bathroom and the ensuite include trendsetting raised handbasins on the modern vanities, up-market tapware and showers. The family bathroom has a deep bath, perfect for relaxing in and lying back with a good book. A laundry, complete with bench space and storage, contributes to the form and functionality of this wonderful home. The externals of the property are complete with fully fenced lawned areas, landscaped established gardens and coveted dual side access. A gabled entertainment area overlooks the sparkling magnesium mineral pool, the icing on the cake! What to know? Property is now Under Offer with Dylan Rakich.
