Awaiting Price Guide

Set on an elevated block of approximately 770m² in a quiet cul-de-sac overlooking parks & playing fields with views to the Blue Mountains, is this much loved full brick family home. Not offered to the market in 40 years & on inspection you will understand why homes like this are rarely for sale & in fact just not built like this anymore! Best described as a "real family home" with generous proportions throughout the formal lounge, dining & extra roomy family room. 3 good sized bedrooms with built-ins, neat & tidy bathroom with separate toilet, smart kitchen with gas cooking & laundry with 2nd toilet. Entertaining extends to the outdoors in the fabulous alfresco area, neat & tidy backyard with garden shed & vegetable garden. Comfortable throughout the changing seasons of Bathurst & complimenting a desirable aspect - you have a gas log fire, split system air conditioning & a wood heater. Making the most of the underhouse space with the oversized single garage & vast storage. Meticulously cared for & maintained so you can move straight in with nothing to do or add your own touches & flair to this already wonderful home, making ready for your next 40 years!!
