\$1,157,500

Escape to the country on a sweeping (almost) one acre (approx.) of superb gardens and rolling lawns complemented by a beautiful four bedroom family home showcasing expansive interior spaces and lofty cathedral ceilings. Peaceful with garden and rural views, a dream family lifestyle awaits with space for children and pets to roam and serene privacy you'll cherish. Double front doors open to an immaculately presented home with formal and casual living areas and central kitchen/meals. Both living areas will impress offering spacious living and featuring bay windows along with a sliding door in the expansive family room/rumpus opening to grapevine covered veranda. Well appointed with generous storage and dishwasher, the large family kitchen overlooks the adjacent meals area. Four robed bedrooms are served by a recently updated family bathroom with deluxe modern style featuring walk in shower and freestanding bath. A serene master bedroom features walk through robe with ensuite. Relax on the front or back veranda, covered deck or paved area shaded by wisteria, there are many places to take in the garden. Need plenty of undercover parking? This home definitely delivers with large double garage and huge four car carport along with additional parking space. There's also a second driveway leading to a shed with space to park a caravan etc. Further complements include ducted heating, split system, wood heater, ceiling fans and fantastic storage. Secreted away down a country road but with the lifestyle convenience you desire just a short walk from Seville Primary School and the Warburton Trail and just a little further to central Seville with supermarkets and shops, Seville Pre-school and water park.
