Staycation forever when you own a slice of paradise with a resort style home that offers 342M2 under roof and direct beach access. This is the owners ultimate dream home, designed by them and build by a local master craftsman in 2013. Sadly, circumstances in life sometimes change, and this home is reluctantly being offered for sale so the owners can relocate. It has all the modern conveniences, large, covered areas for entertaining outside, a large swimming pool, plus a tennis court or basketball court for the sportier types. This fenced and level space could be utilized for other purposes if you aren't into sports. All the rooms in the home are generously proportioned as you can see from the virtual tour with floor plan. Private pedestrian beach access: just a 52M walk to the council land which provides just over 100M of protection from the ocean. There are plenty of secure parking spaces for multiple vehicles, and other toys or maybe you have a classic car or three. This property may be going to auction so no price guides are allowed at this time. Two nearby homes in Oregon Creek Road have recently sold for \$1,203,000 and \$2,000,000. Have a good look at the virtual tour, floor plans, photos and details, then call Stephen if this looks like it could be your slice of Paradise. Features of this home. Direct beach access. Pool and tennis court. Outdoor entertaining. Large shed and double garage. Over half an acre. 342M2 under roof. Rates just \$3,432 P.A.
