4 BEDROOM HOME WITH ELEVATED VIEWS

Sitting on a 4161 square metre block and only a few minutes' walk to the main street in Yangan to reach the Yangan schools and local shops is this 4-bedroom home.

This home has a lot to offer, with a large family room/rumpus room, open plan kitchen dining room and decent sized lounge room. The kitchen has a gas stove and oven and plenty of cupboard space.

There is a reverse cycle air conditioner in the lounge room and the main bedroom is large and has built-in wardrobes. The family bathroom has a shower over a bath and there is also a sperate toilet.

With a deck/patio in the front and back of the home, it allows plenty of room for entertaining, as well as taking in the magnificent views of the valley.

Outside you will find a lock up garage/shed and 3 rain water tanks holding a total of 15,200 gallons of water. Town water is also available.

There are 17 solar panels on the roof, an above ground pool (fully fenced) and plenty of fruit trees at the back of the property.

An inspection is a must! Give Rosa a call on 0417 617 677 to secure one today.
