The downstairs living room features a wood burner fireplace that beautifully heats the whole house, perfect for those crisp winter nights. The brand new kitchen and dining area is perfect for relaxed entertaining and seamlessly flows out onto the large north facing verandah through double French doors , a perfect spot for sunny morning coffees or lazy long lunches and barbeque dinners overlooking the fire pit, organic veggie garden and large sunny saltwater pool. Further up the level north facing half acre lawn is a large concrete floored shed, full power and lights, ready for the DIY enthusiast, home brewer, art studio or work from home.... Your choice. The house also lends itself beautifully to Airbnb in this very popular location. Robertson is home to fabulous art galleries, cafes, niche food provedores, truffle farms and a great local pub.
