This newly completed 4 bedroom home is seaside family living at its finest. Comprising spacious and light filled open plan living with kitchen overlooking dining and living room. There is a second living room located at the front of the property with large windows and could double as a home office or theatre room. The master suite features a large walk in robe and ensuite with double vanity & oversized shower. The remaining 3 bedrooms are larger than normal and all have built in robes. The main bathroom is centrally located close to the fourth bedroom, acting like a second master suite. There is a separate toilet, separate laundry & linen cupboard located in hallway. Other features of the property include ducted heating, evaporative cooling and double remote control garage.
