Here is a great buy up the right end of town. With a generous 1012m² allotment this property has seen some earthworks carried out which now presents the lot as relatively level and clear with some fruit trees and native trees strategically left for privacy and to create some nice ascetics to the lot.- Garage located at the front of the lot.- Power and water already connected- The power board has 2x 15amp power points installed so you can connect a caravan if required- Fully fenced blockSea views if a single story house is built with the foundations at road height, great 180 degree views if building two story.Only a short distance to the boat ramp, town beach and back beach, this lot presents as great buying value in the beautiful seaside town of Port Neill
