\$1,250,000 - \$1,350,000

A modern masterwork curated without compromise, this stunning 4-bedroom residence delivers low-maintenance family functionality with an impeccable designer finish, just moments from the best that Mornington has to offer. Its sense of space and style is undeniable, stretching back across a dual-lounge design with engineered timber floors, soaring square-set ceilings, and an abundance of life-affirming light for a lasting impression of sheer quality. A formal lounge with heightened ceilings and clerestory windows precedes a matching family and dining zone relishing the northern sunlight, sided by a chef's dream kitchen with dual Bosch ovens, a dishwasher and a 900mm cooktop. An open and airy atmosphere extends to a landscaped terrace space perfect for those lazy sunny afternoons or evening gatherings, while the four indulgent bedrooms offer room for the entire family, headlined by the main bedroom with its custom-fitted robes and a luxurious full ensuite. A masterpiece in lifestyle design and sustainability, it comes complete with split-system air conditioning, premium window furnishings and feature light fittings, a fitted European laundry, recessed toilets and floor-to-ceiling tiling in its bathrooms, double-gated parking for a boat or caravan, and a double garage with internal entry. A serene family retreat delivers convenience to your doorstep, a short walk from Main Street, the Mornington Centre, public transport, and Fisherman's Beach.
