Architect-designed to integrate the beauty of natural surrounds with striking modern style, this light and open sanctuary is a breath of fresh air for family living. Responding to the spectacular 1423 sqm north east facing land parcel, the home flows across a two-level layout with three living rooms, and entertaining areas oriented to capture valley and ridgeline views that are simply captivating. Soaring ceilings and open flow ensure a relaxed sense of space, integrating the decks and the private palm fringed pool. The custom Dekton kitchen shows European appliances. Exceptionally versatile, the master wing with ensuite connects to a vast home office, easily configured as semi self-contained living for multi-generations. Inspiring feet-up relaxation, this exceptional entertainer's home invites you to create treasured memories with your friends and family.
