Set against an exquisite Sydney harbour backdrop, this tightly held c1940 home is set on 616sqm approx of land on an exclusive street with panoramic city skyline, Harbour Bridge and district views. A shining example of majestic P&O architecture, the home showcases all the class and romance of its nautical-deco period, with curved walls and balustrades, patterned brickwork and circular porthole windows highlighted in its design. Over four levels are an array of living and entertaining spaces, a glass encased indoor pool area, voluminous terraces and a self-contained one bedroom apartment. The bedrooms sit on the upper level, with the king-size master suite opening to a harbour view-swept terrace. Additional highlights include a cinema room with gym, amenities and a private garden, swim jets, air-conditioning, a walk-in cool room, modern bathrooms with heated floors and towel rails, spa baths, log burning fireplaces and a garage with additional gated parking. A stroll to Rodney Reserve and cafes, it offers closeness to Rose Bay Village, Bondi Beach, golfing greens, prestigious schools and transportation. Inspect by appointment
