Beachview On A Budget

Looking for a holiday unit with a view to the beach or an investment opportunity never seen before in this area? Where else can you get a two bedroom, one bathroom unit just over the road from the beachfront?

Monthly fees are payable and include electricity, gas and council rates. This modern unit is only a couple of years old in as new condition. You can live in it full time, use it for your holidays, or rent it out as a holiday rental. Being across the road from the turquoise waters of the Capel Sound beach, holiday rentals would bring in a premium in the holiday period. If you have any interest, don't be slow on this one.
