This 2,681 square meter corner block was arguably the most desirable lot available in the recent phase of Galbraith Park Estate. With an impressive 88-meter frontage and a flat, builder-friendly terrain, this fully serviced lot with town water, sewer, power, phone and NBN offers endless possibilities for access to sheds and the potential to create and maintain an exquisite streetscape. The street is graced by beautiful multi-million-dollar homes, assuring you that you can construct your dream home without any compromise or concerns about its value. In close proximity to shops, schools, and all major amenities, yet nestled in a tranquil and peaceful neighbourhood with like-minded neighbours, it would be quite a challenge to find a comparable lot anywhere in the region.
