Tucked away down the northern end of Beamish St, 54 features a perfect aspect. Situated close to parkland, kinders and schools this could be the ideal starting point, family home or investment. A large floorplan provides a great foundation to refurbish. The design is a triple fronted concrete home which provides a large lounge at the front, split system and a large window that captures the afternoon sun. An alcove kitchen and dining connect through to the lounge and with further improvements could be remodeled into that ideal open plan. There are three bedrooms in total all serviced by a family bathroom. At the rear of the home is a generous rumpus space - perfect for that retreat, rumpus, kids room or the potential to adjust further to suit your needs. Situated on just shy of 700sqm, this large allotment provides an oversized single garage and a flat yard - the ideal canvas to add that alfresco. With a great layout and a solid construction, this is the perfect home to transform into something truly special.
