From \$929,000

This stunning Collier home is set on a generous 645sqm block (approx) and literally provides two homes under the same roof. You have the main residence combined with a two bedroom one bathroom addition with a fully equipped kitchen and its own external entrance door and entertaining area that also provides a door to the main living area. This is an ideal set up for independent teenage family members or relatives that need accommodating without the drawbacks of people in your space. This could even generate revenue if privately leased and gives a flexible home designed for modern living and the needs of today. The main residence provides a light filled central living area with access to the huge alfresco dining area for you to enjoy that will cater for any occasion. The below ground sparkling pool area is ideally situated to allow the optimum use of the outdoor space. The rest of the home provides generous living areas that ensures that lack of space will never be an issue again. I could continue, but this is a property that must be viewed to appreciate the unique opportunity that is on offer. Call Mark Snelson 0437482552 for your chance to view.
