Located 13km northwest from Tenterfield and just 540m off the New England Highway, this 12-acre lifestyle property provides some very impressive building sites with a magnificent rural vista. Fully fenced and rising gently from Tarban Road, there is a dam at the rear of the property, power running across the northern end, shade timber and our vendor has built a small shelter shed. Take the time to get on this property as the views are nothing but impressive and what a vista to enjoy from most windows in your home.
