\$1,550,000 - \$1,650,000

Replete with clever comforts, this Jane McDougall designed gem, showcased in Home Beautiful magazine, represents refined and relaxing inner city luxury. Framed by soaring ceilings, polished concrete floors, and a bluestone feature wall, an instantly impressive front lounge displays warm timber tones, brightened by a superb central void with in ground spa. Smartly integrating a dedicated study, a stunning rear section sees an open dining area spill into a quiet, open air entertaining yard, hospitably served by a sleek, stone top kitchen boasting upmarket Asko appliances. A pair of expansive, upper bedrooms feature excellent storage and private bathrooms, with a walk-through robe and peaceful balcony enriching a first rate master. Further highlights include hydronic heating, reverse cycle heating/cooling, hardwood floors, surround sound, an alarm, European laundry, secure carport (accessed via Little Buckingham Street), and lofted studio/third bedroom. Seconds from renowned Hector's Deli with Bridge Road brunch spots just steps away, it's metres from Gleadell Street Market and Citizens Park, alongside Victoria Street restaurants, Yarra trails, and city trams.
