Raine & Horne Gladstone are proud to present this luxurious Apartment at "Pinnacle Apartments" to the current Gladstone Property Market. This residence is without a doubt one of the best apartments in Gladstone and offers you an amazing 137m² and boasts great views of the Gladstone Harbour and off-shore islands and the Gladstone Central Precinct. The sensational water views and central location of the Apartment are what sets it apart from all the rest and this is sure to be one "hot property" in the current market conditions at this fantastic price. "Pinnacle" offers you a secure living environment, central position, affordable luxury, fantastic water views, and a great place to kick back and enjoy the fantastic weather conditions we have in Central Queensland. I have always been a big advocate of buying premium real estate in a blue chip location and this residence certainly ticks all these boxes, and with the property prices on the rise this is the perfect time to secure a great "blue chip" property for a fantastic price. So if you are looking for something special in the current market and enjoy the finer things in life then I would suggest a private inspection as soon as possible as I can guarantee you that once this residence hits the open market there is going to be plenty of interest!
