\$735,000

Enjoy the tranquillity offered by this captivating single-level family home, perched atop an elevated 1,372sqm (approx.) block with breathtaking undisturbed views across the picture-perfect valley. Every day begins with the tranquil melody of native birdlife playing their serene tunes from the treetops that surround this whisper-quiet property, defined by its two separate living areas, study area, charming timber kitchen and three generous bedrooms offering family flexibility. Soak up the sweeping vistas on the large undercover deck, either in the company of friends or while enjoying breakfast with the birds. And when it's cold outside, curl up in front of the living room's furphy wood heater and enjoy the view with a glass of red in hand. Split-system heating/cooling adds another layer of comfort; a bright family bathroom, two sheds, plenty of off-street parking, multiple veggie patches and the potential to enhance the interior with a modern touch are further highlights of this inspired tree-change. Conveniently located within moments of the heart of Hurstbridge and its collection of shops and cafes, Hurstbridge train station, Hurstbridge Primary School, sporting facilities and Ferguson's Paddock.
