Just imagine your own secluded piece of heaven. Stoke those cosy open fires during the winter months and take in the views of snow capped mountains in the distance. The large, well laid-out four bedroom home provides you with the opportunity to add your own personal style to truly make it yours. Keep the mature garden surrounds lush and green during summer with the bore water sprinkler system, and use the large three bay shed and single garage to spend hours tinkering with those hobbies you always wanted to start. The fully fenced orchard will provide an abundance of fruit for your family, and you will watch your children's excitement as they see their hens produce fresh eggs in the chook house, enabling you to whip up some smashed avo with poached eggs on toast. Send the kids off to school in the bus which goes straight past your door. This dream property has a sealed road frontage and is centrally located to Stratford, Maffra, Sale, and Bairnsdale. Three acres of freehold title plus approx. 1.5 acres of long term crown land leasehold is included. Turn your dreams into reality and make "Glen Alva" your home.
