We are looking for the perfect new family to choose this partially renovated, much loved family home. Over the past 12 months the owners have painted, added attractive double glazed aluminium windows, louvres and doors as well as blinds and ceiling fans. There is so much more to this property including: • Hybrid floor and new carpet • Enclosed verandah with views of the bush • Open plan living area with combustion fire and R/C A/C • Master bedroom with BIR and gorgeous ensuite • Kitchen with loads of cupboards and overlooking the yard • Original bathroom ready for a makeover The separate entrance to the downstairs area makes entertaining a breeze, with a huge rumpus room and 3rd bathroom. Also includes double garaging, fenced yards and even a lemon tree. Close to local schools and a short walk to cafes, shops and amenities with the beach just a ten minute drive away. Only one hour to Sydney CBD by car or train. Inspect now or risk missing out on this unique opportunity.
