Superbly crafted and luxuriously appointed in Kew's coveted private school precinct, this grand five-bedroom plus office alfresco entertainer makes a refined statement in elegance in one of Melbourne's most exclusive and family-friendly locations. Ready to provide summers of fun, this sunlit sanctuary connects effortlessly to a lavish outdoor entertaining zone that frames a wonderful heated in-ground swimming pool. The spacious joy of open-plan dining and family living is underpinned by a gourmet stone-topped kitchen with a vast waterfall-edged island bench as it makes a seamless connection to an undercover outdoor living area. Overlooking the home's heated in-ground swimming pool, this is an alfresco entertainer's dream. At the front of the home, a separate lounge is an ambient space arranged to enjoy the warmth of its huge open fireplace, whilst the study has been fitted with a wall of built-in shelving. Meanwhile, upstairs, an open study area is a flexible space that is well suited as a children's study. Each of the bedrooms are impressively scaled and appointed with combinations of built-in and/or walk-in robes - two with fully-tiled ensuites and the remaining two bedrooms sharing easy access to a third bathroom. Additional highlights of this meticulously crafted home include a large stone-topped laundry, powder room and internally accessed double lock-up garage, as well as ducted heating, air conditioning, ducted vacuum and an alarm. Walk easily to Harp Village shopping, cafes, dining and bars, as well as city-bound trams along High St and an assortment of elite schools, whilst Kew Junction is just a few moments away as well.
