\$1,010,000

Here's a retro blonde brick veneer with real character. Not just beautiful on the inside with high corniced ceilings and ornate picture rails, but a showstopper outside set amid rare gardens of mulberry, jacaranda and hibiscus. • High side views to The Dandenong Ranges capitalize on the east facing frontage of the 673sqms (aprox.) block • Elegant hardwood floors, a brick open fireplace and picture windows highlight the home's mid-century style • Enjoy bright, airy living space across the lounge, dining room and 3 bedrooms along the central hallway • Country style kitchen with feature tilework, gas cooktop, dishwasher and stone benchtops • Updated to add a 2nd bathroom with its own shower and toilet and adjoining laundry or sunroom • Full height robes, carport plus garage • Landscaped with extensive herringbone brick and exposed aggregate paving, and rare plants • Outdoor living across a front verandah with beer garden potential under a shady fir tree From its central position, you can walk 10min to Heatherdale train station, 10min to Heatherdale Reserve and its tennis, cricket, and bowls club, and 20min to popular Rangeview Primary, a short to Eastland, Eastlink and Costco. For first home buyers or investors that's an exciting location, with plenty of character and comfort waiting for you at home.
